## The “Smart” Booster for Your Business

Taiwan has a thriving and robust bio-medical/pharmaceutical ecosystem with 117 companies on the listed/over-the-counter market and 64 submitting their applications as of June 2018. IEK Consulting estimates the 2019 output of Taiwan’s bio-medicals & pharmaceuticals industry will amount to US\$2.11 billion, representing a 2% growth over 2018. This ever-growing market has been a strong booster to Taiwan’s bio/pharmaceutical processing & packaging equipment. Displaying cutting-edge products and providing customized turn-key solutions, Taiwan’s manufacturers are your best aids to expanding your business in the prosperous bio/pharmaceutical market. Come and explore **Bio/Pharmatech Taiwan!**

### Taiwan’s Emerging Agricultural Biotechnology

Leveraging Taiwan's IT advantages, its advanced mobile communication and sensor devices combined with big data and cloud technology have yielded impressive achievements in agricultural biotechnology. Taiwan’s smart farmers now can prevent damage caused by the climate and implement optimal growth management methods for fruits and vegetable crops through data analysis. This controls not only the yield and harvesting period but also the size and sweetness of produce. In addition, biotech fertilizer developments to replace chemical fertilizers and grow low-potassium vegetables for kidney disease patients have received international attention. Come visit **Bio/Pharmatech Taiwan** and see Taiwan's impressive agricultural biotechnology for yourself!

### The Peerless One-Stop-Shop Platform

#### Asia’s Super 6-in-1 Food Expo

**Bio/Pharmatech Taiwan** will be held concurrently with **FOODTECH TAIPEI, FOOD TAIPEI, TAIPEI PACK, Taiwan HORECA, and HALAL TAIWAN** for an unprecedented **Asia’s Super 6-in-1 Food Expo** displaying extensive products from the food industry chain. In 2019, more than 64,000 buyers from local and abroad scouted ideal products in 5,056 booths. This super one-stop-shop show will again generate record-high transactions to stimulate growth in the global food industry.

### Promising Bio/Pharmaceutical Market

Taiwan has a relatively competitive pharmaceutical industry, having 1,900 manufacturers of Western medicines and about 200 Chinese medicine producers, as stated in the *Healthcare Resource Guide: Taiwan*. As the global biosimilars market is projected to reach US\$71.97 billion by 2027 from \$5.95 billion in 2018, at a CAGR (compound annual growth rate) of 32.1%, according to MarketsandMarkets, to increase their portion in the huge market, the industry is in need of more efficient manufacturing lines, raising productivity and reducing cost. Thus smart manufacturing is now the language of Taiwan’s bio/pharmaceutical processing and packaging machinery.
